

SUBJECT:

**SGM** SECURITY  
GATEWAY  
MANAGEMENT

We are pleased to introduce following new service available for **iONE Cruiser**.

Name: **SGM Security Gateway Management**

Code: 8-67500017 Security Gateway Management service activation licence

It includes: 12-month service subscription

Status: Product already operating and available for purchase

This is a subscription service to be combined with **iONE Cruiser** diagnostic tool with active licence. It allows unlocking safety control units on FCA, Renault and Dacia vehicles.

- **12 months of unlimited unlock operations for FCA, Renault and Dacia vehicles**
- One access point for all safety control units
- You will no longer have to connect to the websites of different car manufacturers, all you will need is **one account** and an active Internet connection.
- More manufacturers will be added in the coming months
