

TECO NEWS

The new SMART UPDATE service

N. 15 4/11/2025

We inform you that the latest release of the Wheel Alignment price list now includes a new section dedicated to the **Smart Update service**, the new **online platform by InfoAuto**, which allows you to:

- ▶ Update the entire database in just a few seconds
- ▶ Expand the functions of your wheel aligner

All this, **without the need for technical assistance in the workshop.**

In addition, InfoAuto always provides the latest vehicle alignment data as well as the most recent software updates for the various equipment, available **24/7, 365 days a year.**

***Always connected. Always up to date in real time,
with no waiting times or on-site visits.***
