

SUBJECT: New WORKBENCH version

Dear Sirs,

We are pleased to inform you that the new **WORKBENCH** version of our wheel balancer model **TECO 620** is now available for sale.

**EXTREMELY COMPACT.
IDEAL FOR INSTALLATION ON VANS FOR MOBILE SERVICE,
ON WORKBENCHES OR IN SMALL PLACES**

Space-saving tilting measuring unit

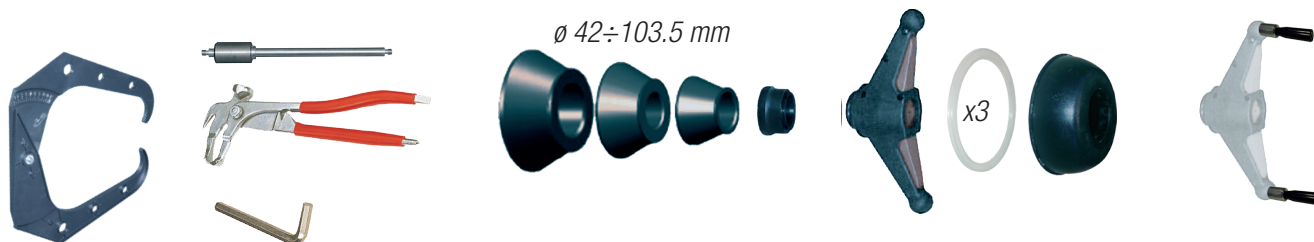

It is the smallest in the range, but boasts the most advanced programs available in higher level models, including 11 balancing programs, automatic internal detector for rim diameter up to 28", AWC for virtual width measurement, hidden weight program, imbalance optimisation and multi-operator.

With the addition of specific accessories, it is also ideal for balancing motorbike wheels directly "on the track".

Hand spin version, clamping brake.

To find out all other available versions of TECO 620 model, please refer to the product brochure available on our website.
